Videographer worksheet/Contract

Congratulations! Your wedding is quickly approaching and I couldn't be more excited about the opportunity to capture the most important day of your life! I have a very detail-oriented shooting style, always real, never posed. I have a few questions for you that will help us as we prepare to film your big day. Please fill this worksheet out and send it back to me to the address above. Then, a couple of weeks before your wedding, we will meet and go over this worksheet.
